Time: 12:00pm - 3:00pm
Location: **INVERNESS GOLF CLUB**
102 Roselle Rd.
Inverness, IL 60067

ARE CRYPTOS IN YOUR FUTURE??

Any time you turn on the news today or read an article, it's hard not to see something written about crypto currencies, and bitcoin in particular. There has been such a growing amount of interest and support for cryptos that it only makes sense to have one of our Members, who is our resident expert on this new and growing technology, share his insights and experience in this area.

Based on the interest shown at our recent Council meetings, we have asked our speaker, long time Presidents Forum Member, to discuss what he sees happening in the ever-expanding world of cryptos. Our speaker will share his views and experiences with what is happening in not only bitcoin but also some of the other 10,000 crypto currencies in existence, and how these could play a part in your business in the near future.

DeFi (decentralized finance) is a growing trend that will have a major impact on our current US dollar as well as banking and finance in general. Our speaker will share his views on the impact cryptos will have on the monetary system both here in the US and in the rest of the world.

Join us to see how this growing technology will affect you, your business, your industry, and global commerce as a whole. We are fortunate to have someone as experienced and knowledgeable about this space right within our ranks. Our speaker is generous with his time and thoughts on this ever-changing area.

Come to the Inverness Golf Club and bring all of your questions, concerns, and what you perceive as opportunities regarding the crypto space.

WHAT IS YOUR CURRENT THINKING ON THE MASK POLICY FOR YOUR COMPANY?

With the continuing relaxation of the Covid restrictions, we must determine the appropriate policies in our respective companies. How are you handling your mask policy in your company today?

What do you perceive as some of the benefits under the new government guidelines, and what do you perceive as some of the risks?

Let's share what each of us are doing in our respective companies to accommodate the new guidelines from the CDC as well as our local government.

FUTURE MEETING DATES

July 14th
Inverness G.C.

August 11th
Inverness G.C.

September 8th
Inverness G.C.
